February 16, 2022

To the Ottawa Police Services,

Canada Unity and the Convoy for Freedom 2022 has become aware that there are LRAD weapons currently being brought into Ottawa. We want to beg you, as fellow Canadians, as Officers of the Peace, as Parents, Fathers, Mothers, know that these are your people. They are here for you as much as for themselves. They came on their own dime, many with wives, children, and pets. They have not come to occupy Ottawa as a military force. They have come to peacefully demonstrate.

You have seen a country come together. You have seen the love and patriotism of this movement. This demonstration has been an act of Love, of Unity and of Freedom that the whole country and across the entire world has witnessed. No one in this movement has any intentions of becoming violent. Please keep that in your minds as you decide what you will do in the coming days.

Canada Unity and the Convoy for Freedom 2022 were also very concerned to hear about the estimated 2000 missing firearms from Peterborough Ontario; not least because of that number of firearms, clips and ammo being so easily taken, but because of their unknow location. As organizers, participants, and Canadian Citizens participating in our lawful right to demonstrate; we are calling upon all you men and women of good standing. All you Officers of the Peace and Protectors of the Innocent. Please do your duty in the coming days, here in Ottawa to keep all people safe.

We have concerns that these weapons will be used against peaceful demonstrators or the citizens of Ottawa in order to blame the participants of this lawful demonstration. We also believe that none of the good men and women who have sworn to protect Canadians would ever stand by and allow this, so we are calling on you to please be extra vigilant. Please keep the streets of our Capital City and the Canadian People safe.

Today you have a choice. We believe in you. We trust you. We are you.

Kindest Regards,

James Bauder and Sandra Bauder

Canada Unity
